A Message from the President

Autumn is here. Can winter be far behind? Who but we skiers look forward to the arrival of snow?

To help us prepare for the ski season, one that includes interesting trips for our members, our next meeting, October 19, will feature Ivan Albanese, manager at Sno Haus in Huntington Station. He'll be showing us what's new in ski equipment this year and how to maintain our gear.

Please note that our meetings will be starting at 7:30 from now on, rather than 8:00. They're still at the Syosset Woodbury Community Center, 7800 Jericho Turnpike, Woodbury. Gary Schorr

DUES

The annual membership dues for the 9/1/23 to 8/31/24 season are due. For current members the rate is \$30 - single, and \$45 couples. (New members are \$40 - single, \$60 couples.) Please mail a check to our mailbox: PO Box 774, Westbury NY 11590, or bring it to the next meeting.

Cycling 2023

This summer we had rides as far east as L.I. Wine country and as far west as Riis Park. In New York City we rode from Howard Beach to Breezy Point where we saw the very moving 9-11 Memorial. The extremely warm temps this summer did put a bit of a damper on participation. In addition, a group of us happened to ride in the Long Island Wine country on one of the days that we were inundated with smoke from the Canadian wildfires. The air was not terrible while we were riding or enjoying lunch at the Pugliese winery, but, as we drove west, the air got browner. We still have a few weeks of cycling weather ahead. Let's hope for cooperation from the weather.

Looking Ahead to Skiing Trips

We have several trips in the works for next year. Several of us have gotten the Epic pass for this year. We were able to use it on some of the trips and midweek skiing. Believe it or not some of the trips are filling up already. **Mont Tremblant - January 28- February 2** This trip is run by the NJ Ski and Snowboard Council and several of us went last year and loved it. This trip is full but you may try to get on the waiting list. If you would like us to send you the flyers and registration form email <u>katsovi@aol.com</u> or <u>nealmichael@hotmail.com</u>.

Sunday River-March 3 - March 8 This trip is also run by the NJ Ski and Snowboard Council and is very popular. If you would like us to send you the flyers and registration form email <u>katsovi@aol.com</u> or <u>nealmichael@hotmail.com</u>. This trip fills up fast.

Attitash - February 11 - February 16 The fifty Plus Ski Club will be taking a trip to Attitash Mountain Sunday, February 11 through Friday, February 16. We will be staying at the ski in/ski out Grand Summit Hotel. Lift tickets and meals are additional costs.

There are two types of rooms reserved:

Standard hotel room with 2 queen beds includes TV, Wi-fi and the cost is \$432 per person, double occupancy. <u>No</u> meals included.

Studio Deluxe with Murphy bed, pullout sofa bed, full kitchen, TV and Wi-Fi costs \$406 per person double occupancy. <u>No</u> meals included.

For other room options, please contact Neal Pisanti at nealmichael@hotmail.com and I will try to fill your request. Breakfast is available at the Black Diamond Grill in the hotel. Lunch is available at all the lodges and Trip Advisor lists restaurants in the vicinity of the hotel.

Attitash resort includes Attitash Peak and Bear Peak. Lift tickets for Attitash are honored at Wildcat Mountain, which is approximately 18 miles away. Many members have purchased an Epic pass which is honored at both resorts. Check Epic Pass website for options and prices.

On the last page of this newsletter is the registration form.

Stowe - March 17, 2024 - March 22, 2024 The Fifty Plus Ski Club will be taking a trip to Stowe Vermont from Sunday, March 17, 2024 to Friday, March 22, 2024. Stowe is one of the mountains we can use our Epic Pass. The Commodore Inn rate is \$156 per night for the hotel including taxes. That would be \$780 for the room for 5 days divided by 2 (\$390 each), if you have a roommate. There are no breaks on the room if you want a single. This hotel has a bus that takes us to the mountain and it now has a restaurant open for lunch and dinner. We all enjoyed happy hour in front of the fireplace last year. They also offer a light breakfast of toast, bagels, donuts and cold cereal. In addition, they have a microwave, toaster oven and refrigerator in the lobby that we can use to heat up anything. Each room has 2 queen beds and a small refrigerator.

We have reserved 8 rooms that you can reserve by calling the hotel at (800) 447-8693 or (802) 253-7131. Please tell them you are from the 50 + Ski Club and you will have to leave a credit card number. They do not charge your credit card until the day of

arrival. Also, you may cancel up to 24 hours in advance of our arrival.

In addition, we would like to keep a list of who is going with their cell phones and email addresses for everyone going on the trip. We will send out reminders and text everyone about happy hour, times to meet to go skiing, breakfast, lunch, and dinner plans. This will be a good way for all of us to keep in touch with each other. If you would not like to be included in the text and email, let us know. You may email your numbers to Kathy Soviero katsovi@aol.com, cell number is 516 317-0238 for any questions. Kathy Soviero

The Sloatsburg Service Area on the northbound NY Thruway (mile post 33) is closed for reconstruction. Only a Sunoco station, a convenience store, and perhaps some portable toilets are available. The service area is not expected to reopen until summer 2024.

The Ramapo Service area on the southbound NY Thruway (mile post 33) is still closed for construction and is not expected to reopen until the spring 2024. Only a Sunoco station and some portable toilets are available.

Ski Resort News

Belleayre Mountain

The snowmaking system was upgraded, and Lift #7 was replaced and repositioned. The new loading area is just below the Overlook Lodge and allows access from the Lightning Quad lift from the lower Discovery Base Lodge. Additionally, a skier bridge over the parking lot will provide easy access to the lift from the upper hills and Overlook Lodge.

Upper Utsayantha and Goat Path trails were modified to expand the intermediate terrain on the upper mountain with snow making added on those trails. There are also plans to expand dining and seating areas (date unknown), the equipment rental shop, and the popular Overlook Lodge. Electrical vehicle charging stations will be added to the upper and lower parking lots.

Hunter Mountain

The mountain made several improvements over the summer including: updated miles of snow fence; a new load deck at Kaatskill Flyer; new automated Super PoleCat snow making guns and 7 HKD guns; snowmaking on Racers Edge; trail maintenance; and various service on gearboxes and pumps.

Windham Mountain

The mountain's master plan includes enhanced property beautification and expanded lodging. Developments will be ongoing through 2025, however, fall 2023 will see significant improvements to the culinary offerings at Windham Mountain. A new mid-mountain restaurant will debut, in addition to a revitalized food hall and Mediterranean-inspired restaurant inside the existing Lodge.

Attitash Mountain

The much-anticipated Mountaineer, a high-speed, 4-passenger chairlift replacing the Summit Triple, will reduce ride time by more than half, increase uphill capacity and improve the flow of the Attitash base area.

Catamount Mountain

The mountain made several upgrades to its snowmaking capacity including new pumps and 50 more snow guns. A pipeline was installed on Christopher's Leap to add snowmaking on that trail this season.

Work is underway on a snowmaking pond to increase the water capacity to the snowmaking system.
